

# Containerisation International

## EDITORIAL CONTENTS INDEX FOR 1984

REWIND

PAUSE/STILL

# TANK CONTAINERS

# SAFE SAVERS

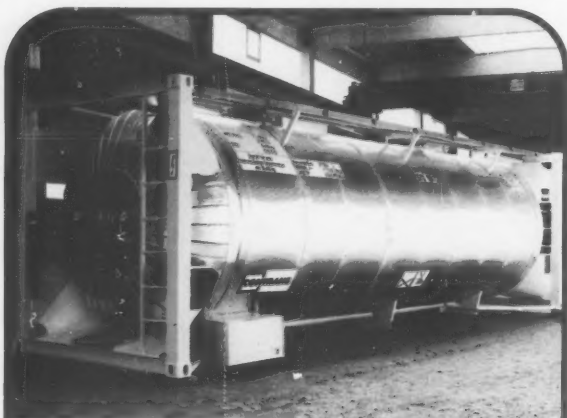

for the intermodal transport of hazardous chemicals

Skid-mounted multimodular swap tank for hazardous chemical waste, compatible with leading truck skip loading systems, 7.000 liter, carbon steel H II, 4 bar test pressure

20' ISO full frame IMO 1/IMO 5 tank container for multiple hazard chemicals, all traffic modes, worldwide, 11.000 liter, fine grained micro alloy steel StE-36, 10.3 bar test pressure

30' ISO beam tank container for hot/high viscosity products, 240°C operating temperature, all modes, 27.000 liter, stainless 316, 2.65 bar test pressure, IMO 2

Multilobe likwitaner "R" IMO 2 tank containers, for low hazard liquids and flowable dry bulk, all modes worldwide, 27.700 liter, stainless 304, 2.65 bar test pressure

Tank containers and multimodular systems for the transport and storage of liquids, gases, and dry bulk. Scope: As transport, storage, swap, pressure, and hopper tanks on ships, trucks, rail cars, and for in-plant handling. Designs: Closed frame or beam cylinders, multilobe likwitaner "R" compact and other special designs. Capacities up to 60.000 liter. All approvals and classifications.

## **EDITORIAL INDEX**

### **1984**

The Index is arranged into four sections:-

<b>COMPANIES</b>	pages <b>5-25</b>
<b>GENERAL</b>	pages <b>25-38</b>
<b>SHIPS</b>	pages <b>38-44</b>
<b>TRADE ROUTES</b>	pages <b>44-48</b>

Entries are alphabetical in each section, and give issue month and page number.  
Index compiled by Jane A. Fowler

All subscribers receive one free copy: extra copies are available from *Containerisation International*, National Magazine House, 72 Broadwick Street, London W1V 2BP, England.

Price including postage and packing: U.K. £10, Overseas £12 (by airmail).

## NOTES

# Over 3600 containership records now available on IBM Computer tape

In the 16 years since the first edition appeared the **Containerisation International Yearbook** has established an enviable reputation as the one indispensable reference source for container executives around the world.

First introduced into the 1974 edition with details of just 304 ships, the **containership vessel register** has become one of the most widely used and quoted sections. It has grown substantially each year, and the 1985 Yearbook covers 3,520 containerships carrying more than 100 TEU.

Because of the statistical nature of its contents the register was the first section to be computerised in a continuing programme of development of production methods. Computerisation of further sections will follow in subsequent editions.

## Following requests from readers we can now supply a computer tape of all the data in the 1985 Yearbook.

The original tape will be updated at the end of March, June and October 1985 and will then contain two records additional to those in the 1985 Yearbook itself, (1) beneficial owner and (2) previous TEU, where applicable. These new entries will appear in subsequent editions of the Yearbook.

The tape will enable computer manipulation of the data in any desired form or combination. The 18 records cover:-

- Vessel name and D.W.T.
- Total and reefer TEU
- Ship type and speed
- Flag and crew
- Year and where built
- Engine type and design
- Owner and operator
- Service and route
- Beneficial owner and previous TEU where applicable

**The updating of the tape at the end of March will bring the total number of vessels included to well over 3,600.**

By cutting out many hours of mathematical calculation the tape will be an essential aid to ship operators and builders, naval architects and research consultants, government departments and financial institutions, and particularly to all involved in route analysis and planning.

With the tape will come a tape dump showing tape labels and first few blocks, a list of route abbreviations used, together with a list of vessels renamed since 1 November 1984.

For further details please write or telex to:-

**The Publisher, Containerisation International  
National Magazine House  
72, Broadwick Street  
London, W1V 2BP. England.**

**Telephone: 01-439-7144**

**Telex: 263879 NATMAG G**

## WE SPECIALIZE IN LEASING ANY CONTAINER

From a simple box to the most sophisticated container  
with or without dpp-insurance

We have an answer to your needs - for more information

# NOL: WORLDWIDE SERVICES BACKED BY SERVICE WORLDWIDE

NOL's schedule of services now embraces almost all the major markets of the globe.

On all routes we offer fast transit times by modern 'high-tech' vessels. Computerized documentation to ensure prompt cargo release. Exclusive berthing rights in several ports of call. Chassis availability for all container types. And a ready supply of well-maintained containers of all types at all times and in all places.

## NOL LINER SERVICES

Far East — Europe  
Far East — East & West Coast  
USA/Canada

Far East — Med  
(Through Omex Consortium)  
South Asia — Med/ Europe  
Straits — Australia  
South East Asia

## NOL SHIPS ON CHARTER

Freedom Class Vessels  
Crude Oil Carriers  
Product Tankers  
Bulk Carriers

All of the above are available on time and voyage charter for worldwide operations.

Today, with ports of call across four continents, the NOL network is extensive. And the NOL back-up,

impressive. But there's another aspect of service that we'll never neglect.

And that's the importance of providing the kind of knowledgeable, readily accessible, personal attention that only a team of conscientious professionals can deliver.
